

**February 2026**

Our February practice schedule will stay the same! Please remember attendance is key to a successful season!

**Sunday Practice Schedule 2/8, 2/15\*, 2/22**

**\*Dancers participating in TOP optional solo competition will wear their costumes at practice!**

**Production**

We will have a full costume practice on Sunday, March 1<sup>st</sup> to practice costume changes prior to dress rehearsal!

**Dress Rehearsal**

**Saturday, March 7<sup>th</sup> & Sunday, March 8<sup>th</sup>**

**Tight/Shoe Orders**

We will not be placing a studio tight/shoe order this year! If there is something you need in a rush, we will have some supplies on hand and can bring them in within a week. We recommend using Mark's Dancewear in Johnston for your tight and shoe needs!

**Hair**

We will be wearing a center part low bun this year! No bun former please, a whirly can be used. All dancers are required to wear hair nets to keep the bun secure. Some jazz/hip hop dances will change to low ponytail depending on the timeline of the competition. This will be communicated following the schedule each competition weekend! We will also be wearing the rhinestone applique hair piece for lyrical dances. If you are a former member of the team and need a new one, please let us know asap!

Competition schedules are typically received 7-10 days prior to the attending competition. We send the schedule out via email as soon as we receive it!

53	Future	NONE	Canvas Half Sole

## **Make-up (make-up orders will be here soon!)**

Apply foundation to entire face.

Use a loose setting powder.

### **Eyes**

Use an eyeshadow brush to highlight the brow bone and inner corner of the eye with BISCOTTI/BLOSSOM

- Use an eyeshadow brush to lightly apply HAZELNUT over entire lid up to the crease.
- Use an angular eyeshadow brush to apply HOT FUDGE/ESPRESSO in the crease in the shape of a sideways "V" focusing color on the outer half of the eye.
- Use black eyeliner along upper lash line, winging it out at the end.
- Line the bottom with a white eyeliner pencil or BISCOTTI eye shadow and extend outward lining in up with the black eyeliner.
- Apply Eye Lashes on lash line.

### **CHEEKS**

- Use brush to apply blush starting at hairline just under cheekbone and pulling color forward to apples of the cheek.

### **LIPS**

- Line lips and apply lipstick (lining is VERY important to avoid lipstick bleeding). You can use setting powder on lips too!
